ACTION TAKEN REPORT ON ALUMNI FEEDBACK (SESSION 2023-24)

The alumni of our institution play an important role in shaping the future of the university and its current students. In order to continuously improve the quality of education and services provided, we collect feedback from alumni regularly. This report outlines the actions taken in response to the feedback provided by the alumni of the university.

Improvement in Curriculum: Many alumni suggested that the curriculum be updated regularly to include the latest industry trends and technological advancements. They expressed the need for more practical-oriented courses and industry collaborations.

Action Taken: In response to alumni feedback, more emphasis have been given on live projects and field visit and collaborations with industries.

Action Taken: Regular alumni meet-ups and webinars have been scheduled to keep the alumni community engaged. These events also provide alumni with an opportunity to contribute ideas for university development.

Skill Development Programs: Alumni recommended that the university offer more skill development programs, especially in areas like communication, leadership, and entrepreneurial skills, to make students more industry-ready.

Action Taken: Workshops and guest lectures by industry professionals are being held regularly to improve students' industry-specific knowledge and skills.

The university has taken significant steps to address the feedback provided by our esteemed alumni. We are committed to continuously improving our programs, services, and infrastructure to meet the needs of both students and alumni.
