

Report on Visit to Prof. Zdeněk Fišar at Charles University

Date of Visit: 27th February 2025

Location: Charles University and General University Hospital in Prague, First Faculty of Medicine, Department of Psychiatry

Attendees: Prof. Zdeněk Fišar, Dr. Jana Hroudova, Dr Bhanushree Gupta

Purpose of Visit:

The visit was conducted to explore future possibilities of research collaboration between our respective institutions. The primary objective was to discuss our individual research areas and identify common grounds where our expertise could contribute to addressing similar research problems.

Discussion Summary:

During the meeting, each participant presented their current research focus and ongoing projects. The key topics of discussion included an overview of Prof. Zdeněk Fišar's and Dr. Jana Hroudova's research work in the Department of Psychiatry and our research area along with its potential relevance to ongoing studies at Charles University.

The discussion facilitated a mutual understanding of our respective research strengths and methodologies. We also explored interdisciplinary approaches that could enhance our research outcomes.

Outcomes: We found potential overlaps in our studies that could lead to collaborative research projects. We also discussed possible joint research initiatives, funding applications, and academic exchange programs. It was agreed that further discussions and follow-ups would be necessary to establish specific research collaborations and define project proposals.

The visit was highly productive in terms of fostering academic and research collaboration. It opened avenues for future joint research endeavors that could contribute significantly to the field of psychiatry. Further discussions will be scheduled to finalize collaborative frameworks and formalize the partnership.

Meeting with Prof. Zdeněk Fišar and Dr. Jana Hroudova at Charles University, Prague
