

Biology Laboratory

Biology laboratory of Center for Basic Sciences is spacious with modern modular set up, well equipped with apparatus and instruments of internationally acclaimed brands to provide research based learning to the students. The equipments include:

- UV/Vis Spectrophotometer
- Ultra Low Temperature Freezer -80 °C
- Thermal Cycler-PCR
- Cooling Centrifuge
- Cooling Incubator
- Bacteriological Incubators
- Water Baths
- Drying Ovens
- Microwave Oven
- Microtome
- Colorimeters
- pH Meters
- Laminar Air Flow Bench (for aseptic culture)
- Autoclave
- Compound Light microscopes with screen
- Other general equipments like electrophoresis apparatus, vortex, shakers, stirrers etc.
