Action Taken Report on Feedback from Students (July 2016– June 2017)

For the session 2016-17, the feedback form, duly filled by the students of M.Sc. I to IV semesters were opened in HOD chamber on 15.05.2017 before the staff members of SoS in Physics and Astrophysics, Pt. R. S. University. The students put forward their opinions regarding the classroom teaching skill of individual teachers, the infrastructure facilities, the laboratory facilities and the prescribed M.Sc. syllabi. Their opinions have been conveyed to the staff members and have been found very effective in assessing the improvement in the teaching methodology and in the reorganizing the syllabi. However, it has been remarkably noticed that students show more interest for the inclusion of numerical illustrations of the topics on theoretical Physics. The students of III and IV semester showed greater interest for coaching for competitive exam viz. NET/JRF.

The process of collecting the feedback from the students will continue in the future and action will be taken accordingly after analyzing the report.

Students Remarks and Action Taken

- **Teaching skills of teachers: General remarks of majority of students have been very satisfactory. However, there is always a scope for improvement.**

Action taken: All the teachers are advised to keep on enhancing/ improving their teaching skill. They must go to the classroom well prepared and interact effectively and more frequently with the students. As and when required they should make use of the modern audio-visual facilities and e-resources.

- **Course contents: Majority of the students are satisfied with the course content. However, a few remark that some of the papers are lacking in numerical problem in the content. The Physics of Nano-materials students wants to make some changes in syllabus.**

Action taken: The content of the syllabi is assiduously reviewed every year by the Board of Studies and the betterments are incorporated as and when it is needed. The course of Physics of Nano Materials is revised in Board of Studies meeting held on 10.02.2017.

The NET-JRF qualified staff and Ph. D. scholars are stated taking extra classes for Competitive Examination. In addition to all these, computers, internet facilities and wi-fi are made available to all the students to carry out computer related experiments as well as to improve upon their network skills. Every Saturday there is an interactive session between all the teachers and students in which the students are asked to deliver a seminar to improve upon their presentation skill. Most of the teachers stay in the university campus and are accessible to the students round the clock.

Action Taken Report on Feedback from Students (July 2017– June 2018)

The feedback forms duly filled by the students of M.Sc. I to III semester for the session 2017-2018 were opened in HOD chamber on **23.01.2018** before the staff members of SoS in Physics and Astrophysics, Pt. R. S. University. The students put forward their opinions regarding the classroom teaching skill of individual teachers, the infrastructure facilities, the laboratory facilities and the prescribed M.Sc. syllabi. Their opinions have been conveyed to the staff members and have been found very effective in assessing the improvement in the teaching methodology and in the reorganizing the syllabi. The students of I and III semester showed greater curiosity in educational excursion and in holding quiz in physics frequently. The students of III semester stressed hard on the improvement of the facilities of the department like labs and NET coaching.

The process of collecting the feedback from the students will continue in the future and action will be taken accordingly after analyzing the report.

Students Remarks and Action Taken

- Teaching skills of teachers: General remarks of majority of students have been very satisfactory. However, there is always a scope for improvement.

Action taken: All the teachers are advised to keep on enhancing/ improving their teaching skill. They must go to the classroom well prepared and interact effectively and more frequently with the students. As and when required they should make use of the modern audio-visual facilities and e-resources.

- Course contents: Majority of the students are satisfied with the course content. However, a few remark that some of the papers are lacking in numerical problem in the content.

Action taken: The content of the syllabi is assiduously reviewed every year by the Board of Studies and the betterments are incorporated as and when it is needed.

Action Taken Report on Feedback from Students (July 2018– June 2019)

The feedback forms for the session 2018-19 duly filled by the students of M.Sc. I to III semesters have been opened in HOD chamber on 29.03.2019 before the staff members of SoS in Physics and Astrophysics, Pt. R. S. University. The students put forward their opinions regarding the classroom teaching skill of individual teachers, the infrastructure facilities, the laboratory facilities and the prescribed M.Sc. syllabi. Their opinions have been conveyed to the staff members and have been found very effective in assessing the improvement in the teaching methodology and in the reorganizing the syllabi. However, it has been remarkably noticed that students stressed on the improvement of the facilities of the department like water cooler, NET coaching etc.

The process of collecting the feedback from the students will continue in the future and action will be taken accordingly after analyzing the report.

Students Remarks and Action Taken

- **Teaching skills of teachers: Majority of students gave very satisfactory remark about teaching methods. However, there is always a scope for improvement.**

Action taken: All the teachers are advised to keep on enhancing/ improving their teaching skill. They must go to the classroom well prepared and interact effectively and more frequently with the students. As and when required they should make use of the modern audio-visual facilities and e-resources.

- **Course contents: As per the feedback of students the course contents are up to the mark. However, a few remarks about up-gradation of M.Sc. III Sem. Lab have been found. The Physics of Nano-materials students wants to make some changes in syllabus.**

Action taken: The content of the syllabi is continuously reviewed every year by the Board of Studies and the betterments are incorporated as and when it is needed. The course of Physics of Nano Materials is revised in Board of Studies meeting held on 18.01.2019

The NET-JRF qualified staff and Ph. D. scholars are stated taking extra classes for Competitive Examination. In addition to all these, computers, internet facilities and Wi-Fi are made available to all the students to carry out computer related experiments as well as to improve upon their network skills. For up-gradation of Solid State lab process of purchasing new instruments has initiated. To improve the personality of the students, seminars on every Saturday are given by the students where all faculty members and research scholar are present. The teachers are available for students at any time they need Most of the teachers stay in the university campus and are accessible to the students round the clock.

Action Taken Report on Feedback from Students (July 2019– June 2020)

The feedback forms for the session 2019-20 duly filled by the students of M.Sc. I to III semesters have been revealed in HOD chamber on **10.06.2020** before the in front of the staff members of SoS in Physics and Astrophysics, Pt. R. S. University. The students have candidly expressed their opinions regarding the classroom teaching skill of individual teachers, the infrastructure facilities, the laboratory facilities and the prescribed M.Sc. syllabi. Their opinions have been conveyed to the staff members and have been found very efficacious in assessing the improvement in teaching methodology and in restructuring the syllabi. However, it has been remarkably noticed that students stressed on the improvement of the facilities of the department like water cooler, NET coaching etc.

The process of collecting the feedback from the students will continue in the future and corresponding actions will be taken accordingly after analyzing the report.

Students Remarks and Action Taken

- **Teaching skills of teachers: Majority of students gave very appropriate remarks about teaching methods.** However, there remains always a scope for improvement.

Action taken: All the teachers are advised to keep on enhancing/ improving their teaching skill. They are also suggested to go to the classroom well prepared and interact frankly and more frequently with the students. As and when required they should make use of the modern audio-visual facilities and e-resources.

- **Course contents:** The feedback of students on the course contents these are upto the mark. However, a few remarks about up-gradation of M.Sc. III Sem. Lab have been found. On the Physics of Nano-materials, the students want to make changes according to the state of the arts syllabus.

Action taken: The content of the syllabi is continuously reviewed every year by the Board of Studies and the betterments will be incorporated as and when it will be needed.

The NET-JRF qualified staff and Ph. D. scholars are stated taking extra classes for Competitive Examination. In addition to all these, computers, internet facilities and Wi-Fi are made available to every student to carry out computer related experiments as well as to improve upon their network skills. For up-gradation of Solid State lab process of purchasing new instruments has initiated. Action Taken Report on Feedback from Students (July 2020– June 2021)

Duly filled feedback forms for the session 2020-21 by the students of M.Sc. I and III semesters have **been collected online by Google form**. The feedback forms have been revealed in Head chamber on **24.05.2021** in front of the staff members of SoS in Physics and Astrophysics, Pt. R. S. University. The students have candidly expressed their opinions regarding the classroom teaching skill of individual teachers and the prescribed M.Sc. syllabi. Their opinions have been conveyed to the staff members and have been found very efficacious in assessing the improvement in teaching methodology and in restructuring the syllabi.

The process of collecting the feedback from the students will continue in the future and corresponding actions will be taken accordingly after analyzing the report.

Students Remarks and Action Taken

• **Teaching skills of teachers: Most of the students gave ‘very good’ and ‘good’ remarks for teaching skill of all the teachers. They are satisfied with the online teaching of the staff members.** However, there remains always a scope for improvement.

Action taken: Due to COVID pandemic, the teaching is being done completely online. So staff members are suggested to upgrade themselves for the present scenario. Those teachers who got an unsatisfactory are advised to improve their teaching skill. All the teachers are also suggested to go to the classroom well prepared and interact frankly and more frequently with the students.

• **Course contents:** Majority of the students gave ‘good’ remarks about the course content.

Action taken: The content of the syllabi is continuously reviewed every year by the Board of Studies and the betterments will be incorporated as and when it will be needed.

In order to improve the personality of the students, online seminars on every Saturday by the students will be organised where all faculty members and research scholar will be advised to present. The teachers are available for students at any time in online mode they need.
