

**Report on**  
**“CLEANLINESS DRIVE”**  
**Organized by**  
**Students Activity Club**  
**School of Studies in Biotechnology**  
**Pt. Ravishankar Shukla University, Raipur (C.G.) India**  
**(9 FEBRUARY 2024)**

---

The cleaning drive was organized on **09 February 2024**, by the **Students Activity Club AminoBuddies** in the **School of Studies in Biotechnology, Pt. Ravishankar Shukla University Raipur**. Cleanliness is one way to keep our body, mind, and environment clean and peaceful. This initiative focuses on cultivating a sense of responsibility toward maintaining a healthy environment and good. The activity started at **3:00 pm**. Students were divided into different teams and were allotted different rooms and laboratories for their cleaning, and some were allotted instruments and machines like autoclaves, pH meters, water, etc. A group of students were responsible for cleaning and organising the chemical room. The activity was completed at 5:00 pm. All the M.Sc. students and research scholars felt satisfied for actively participating in this cleanliness drive activity to make their working environment neat and clean.
