Organized by

**‘Students Activity Club’**

**School of Studies in Biotechnology**

Pt. Ravishankar Shukla University, Raipur, Chhattisgarh

**16-02-2024**

---

A Seminar on “**Career Guidance and Path in Clinical Research**” was organized in SoS in Biotechnology, Pt. Ravishankar Shukla University, Raipur on **16-02-2024** in the seminar Hall of the Department. A team from “**MITCON**” Company conducted the seminar. **Ms. Neha Soni ma’am** from the team delivered the presentation which was comprised of different aspects and various sequential processes regarding clinical research. Ma’am explained the **importance of clinical research and conceptualized it as a prospering field** to pursue as it has high workforce demand and the field provides a very significant contribution to the overall science research field. The presentation concluded with a brief description of **various courses offered by MITCON Company** related to clinical research and its prospects. An interactive session followed the presentation in which students asked various questions regarding the clinical research and the courses offered by the company to which the team answered satisfactorily.
