SURPRISING FUN ACTIVITY

Organized by

StudentsActivity Club

School of Studies in Biotechnology

Pt. Ravishankar Shukla University, Raipur, Chhattisgarh

(23 FEBRUARY 2024)

A surprising fun activity was organized on **23 February 2024** from **4:00 p.m. to 5.00 p.m.** by the Student Activity Club in the Seminar Hall of the School of Studies in Biotechnology. A total of 45 members, M. Sc students from both semesters and Ph.D. scholars had interactively participated in this activity.

This program was organized and managed by M.Sc. IV semester students. On this day, a **Dumb Charades** activity was organized. **Dumb Charades** is an entertaining word-guessing game that **involves explaining the 'phrases or the name of a movie', 'a personality', 'a book' or 'a TV show', etc. through acting.** A person is not allowed to talk and is required to act out the phrase or name by using different gestures, facial expressions, and body language.

In this activity, two teams were created for each semester, and five chances were given to each team. Each team takes turns acting out a word or phrase without speaking. The opposing team must guess what the word or phrase is within a time limit of one minute. Points were awarded for successful guesses. The team with the most points at the end of the game wins.

This word-guessing activity adds lots of excitement and fun during the explanation of movie names, which creates a sense of enjoyment, laughter, and fun during the whole task. Each team played well and every student put in very hard efforts to win each round whether it was explaining or guessing the movie name. At last M.Sc. IV semester has won the task by four points.

Engaging students in **fun and interactive activities** not only makes learning enjoyable but also enhances their understanding and motivation. Here are some exciting classroom activities that can benefit students with their thinking power and enthusiasm to do any kind of new activity.
